

MOBI

Rockworth

The Mobi chair is built
for today's evolving
work and learning
environments.

In today's fast-changing workplaces and learning environments, space is limited and flexibility is essential. Traditional chairs often take up too much room, lack mobility, and don't adapt to evolving needs. Meetings, training sessions, and collaborative activities demand seating that is comfortable, easy to move, and simple to store.

Smart comfort,
**designed to move
with you.**

The **Mobi** Collection is crafted for today's flexible workplaces, training rooms, and learning environments. Mobil brings flexibility, comfort and functionality into one. Simple, modern lines give it a sleek aesthetic that suits any setting. Designed for mobility, versatility, and comfort, Mobi transforms quickly from individual seating to collaborative or classroom arrangements.

Designed for Flexible, Modern Workspaces

Built for efficiency, designed for mobility with smooth rolling castors for both hard floor and carpet. Mobi transforms quickly from individual seating to collaborative or classroom arrangements. the seat flips upward to enable chairs to nest tightly together, maximizing floor space when not in use. The durable steel frame ensures long-term reliability, while the streamlined design allows quick setup or storage.

Mobi chair with castor base

Mobi chair with glide-base

Ergonomic Design for Your Comfort

Designed for modern work environments, this chair combines a breathable mesh back that promotes airflow with a cushioned upholstered seat for lasting comfort. The ergonomic backrest provides support throughout extended use with automatic tilt adapts to your posture up to 19.5°, while multiple base options—casters for mobility or glides for stability—allow it to adapt seamlessly to different settings.

Smart Seating with Integrated Tablet

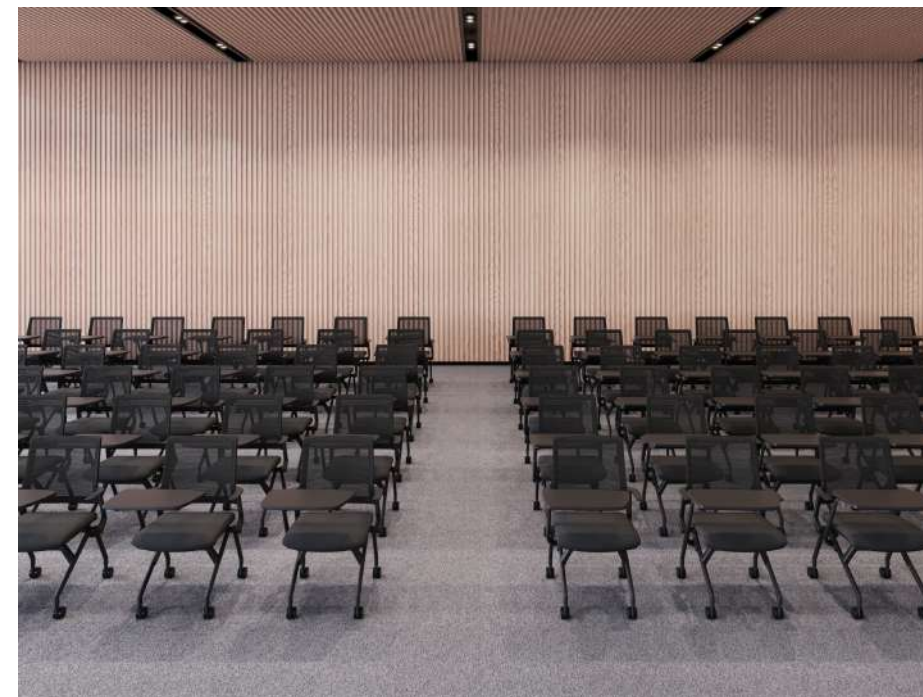

Enhancing functionality with a fold-away tablet arm, offering a practical surface for writing, laptops, or tablets during training sessions and seminars. The lightweight frame with its compact structure ensures the chair remains easy to maneuver and reposition when needed.

Ideal For: Conference rooms, training areas, collaboration zones, classrooms, multipurpose workspaces needing flexibility, comfort, and easy storage.

Tablet Size: 485 mm (W) × 300 mm (D) × 16 (H)
Table Height : 720 mm

Smart Wide Tablet for Comfort Use

Designed to maximize writing and working comfort during lectures, training, and conferences. This smart design offers both functionality and ergonomics, providing users with a reliable workspace that enhances learning and collaboration environments. Its broad surface accommodates laptops, tablets, notebooks, and other essentials, ensuring users have ample space to work with ease. Engineered with durability and stability in mind, the tablet attaches securely to the chair arm and can be folded away when not in use, allowing quick reconfiguration of seating layouts.

Versatile Seating for Every Space

Designed to adapt effortlessly to different environments, whether arranged in rows for lectures, clustered for group discussions, or placed individually for training sessions, the chairs fit seamlessly into any setting. The lightweight frame allows for easy movement and quick reconfiguration, making it ideal for multipurpose rooms, conference halls, and classrooms.
