

PLATFORM

Rockworth

CLARITY,
COMFORT,
and *CONNECT*

This workstation table is crafted with a clean, minimalist that supports modern collaborative workstyles. Its slim metal frame, while integrated power access provides effortless connectivity. Designed for flexibility, durability, and everyday performance, it enhances open-plan environments with both function and visual clarity.

DOUBLE BENCH

A refined workspace concept that emphasizes openness, flexibility, and focus, creating a balanced environment where collaboration and individual work coexist seamlessly.

SINGLE BENCH

A sleek and minimalist workstation concept designed for individual focus, offering clean lines, integrated power access, and modular adaptability for modern office environments.

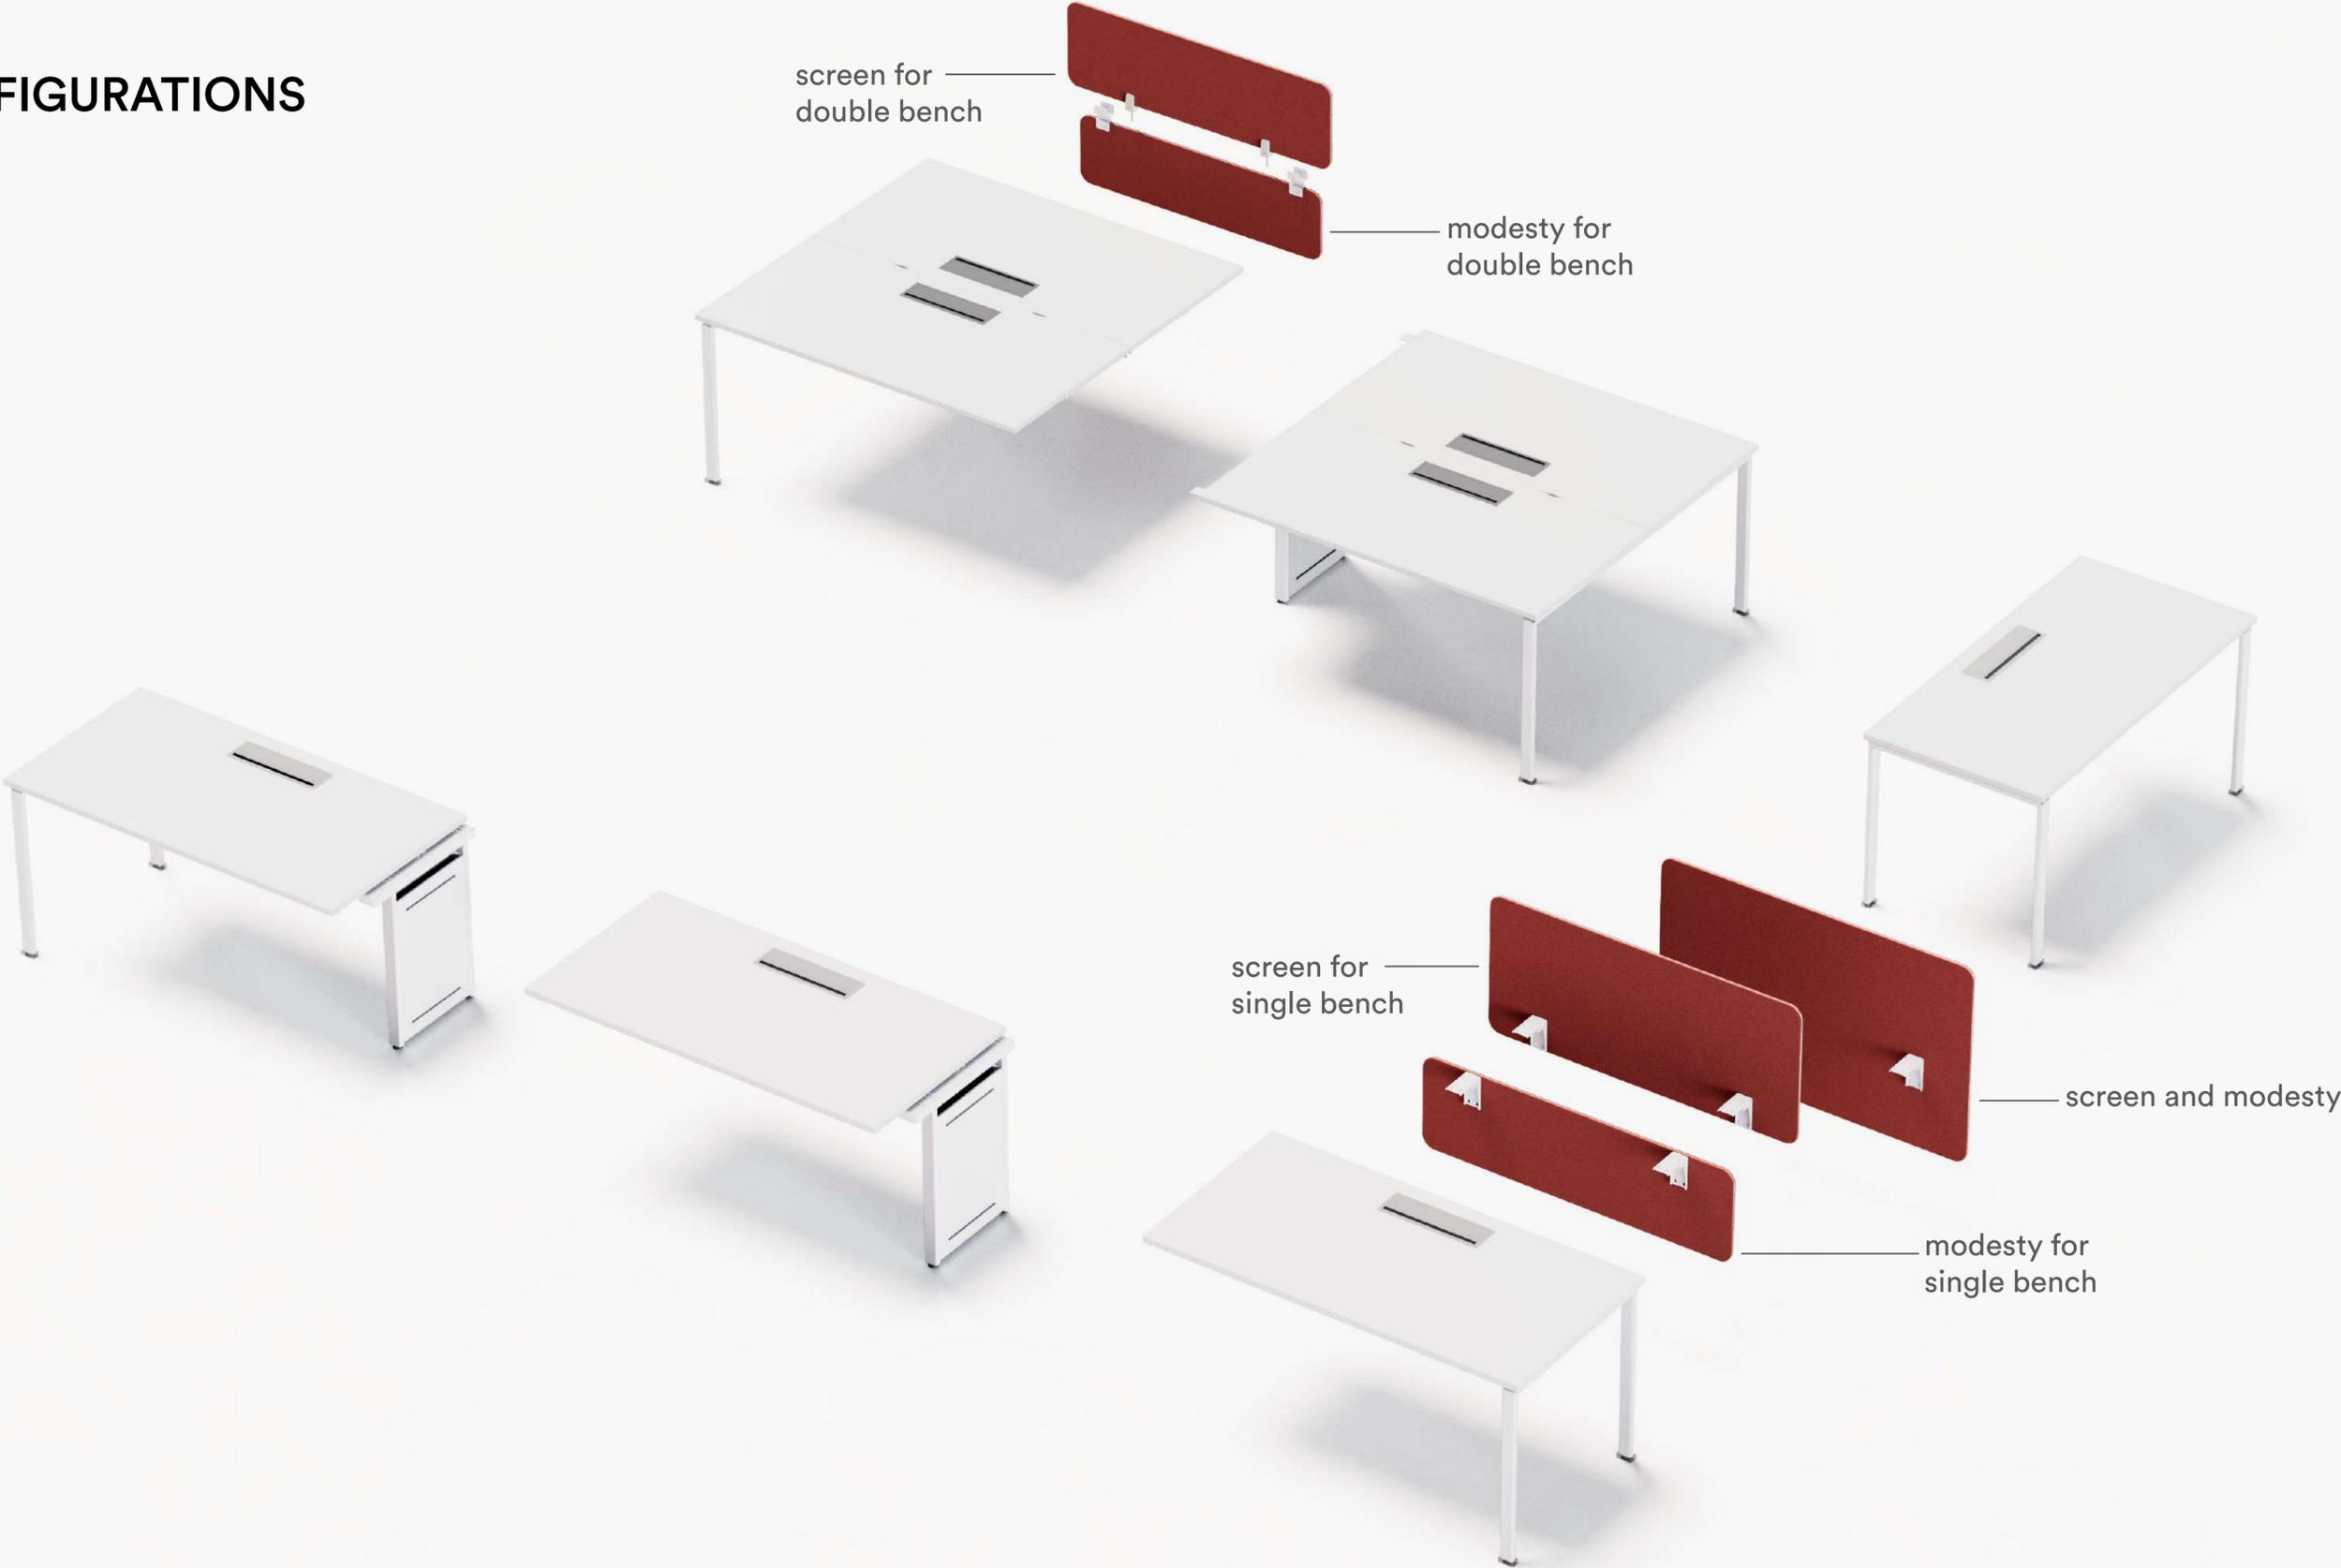

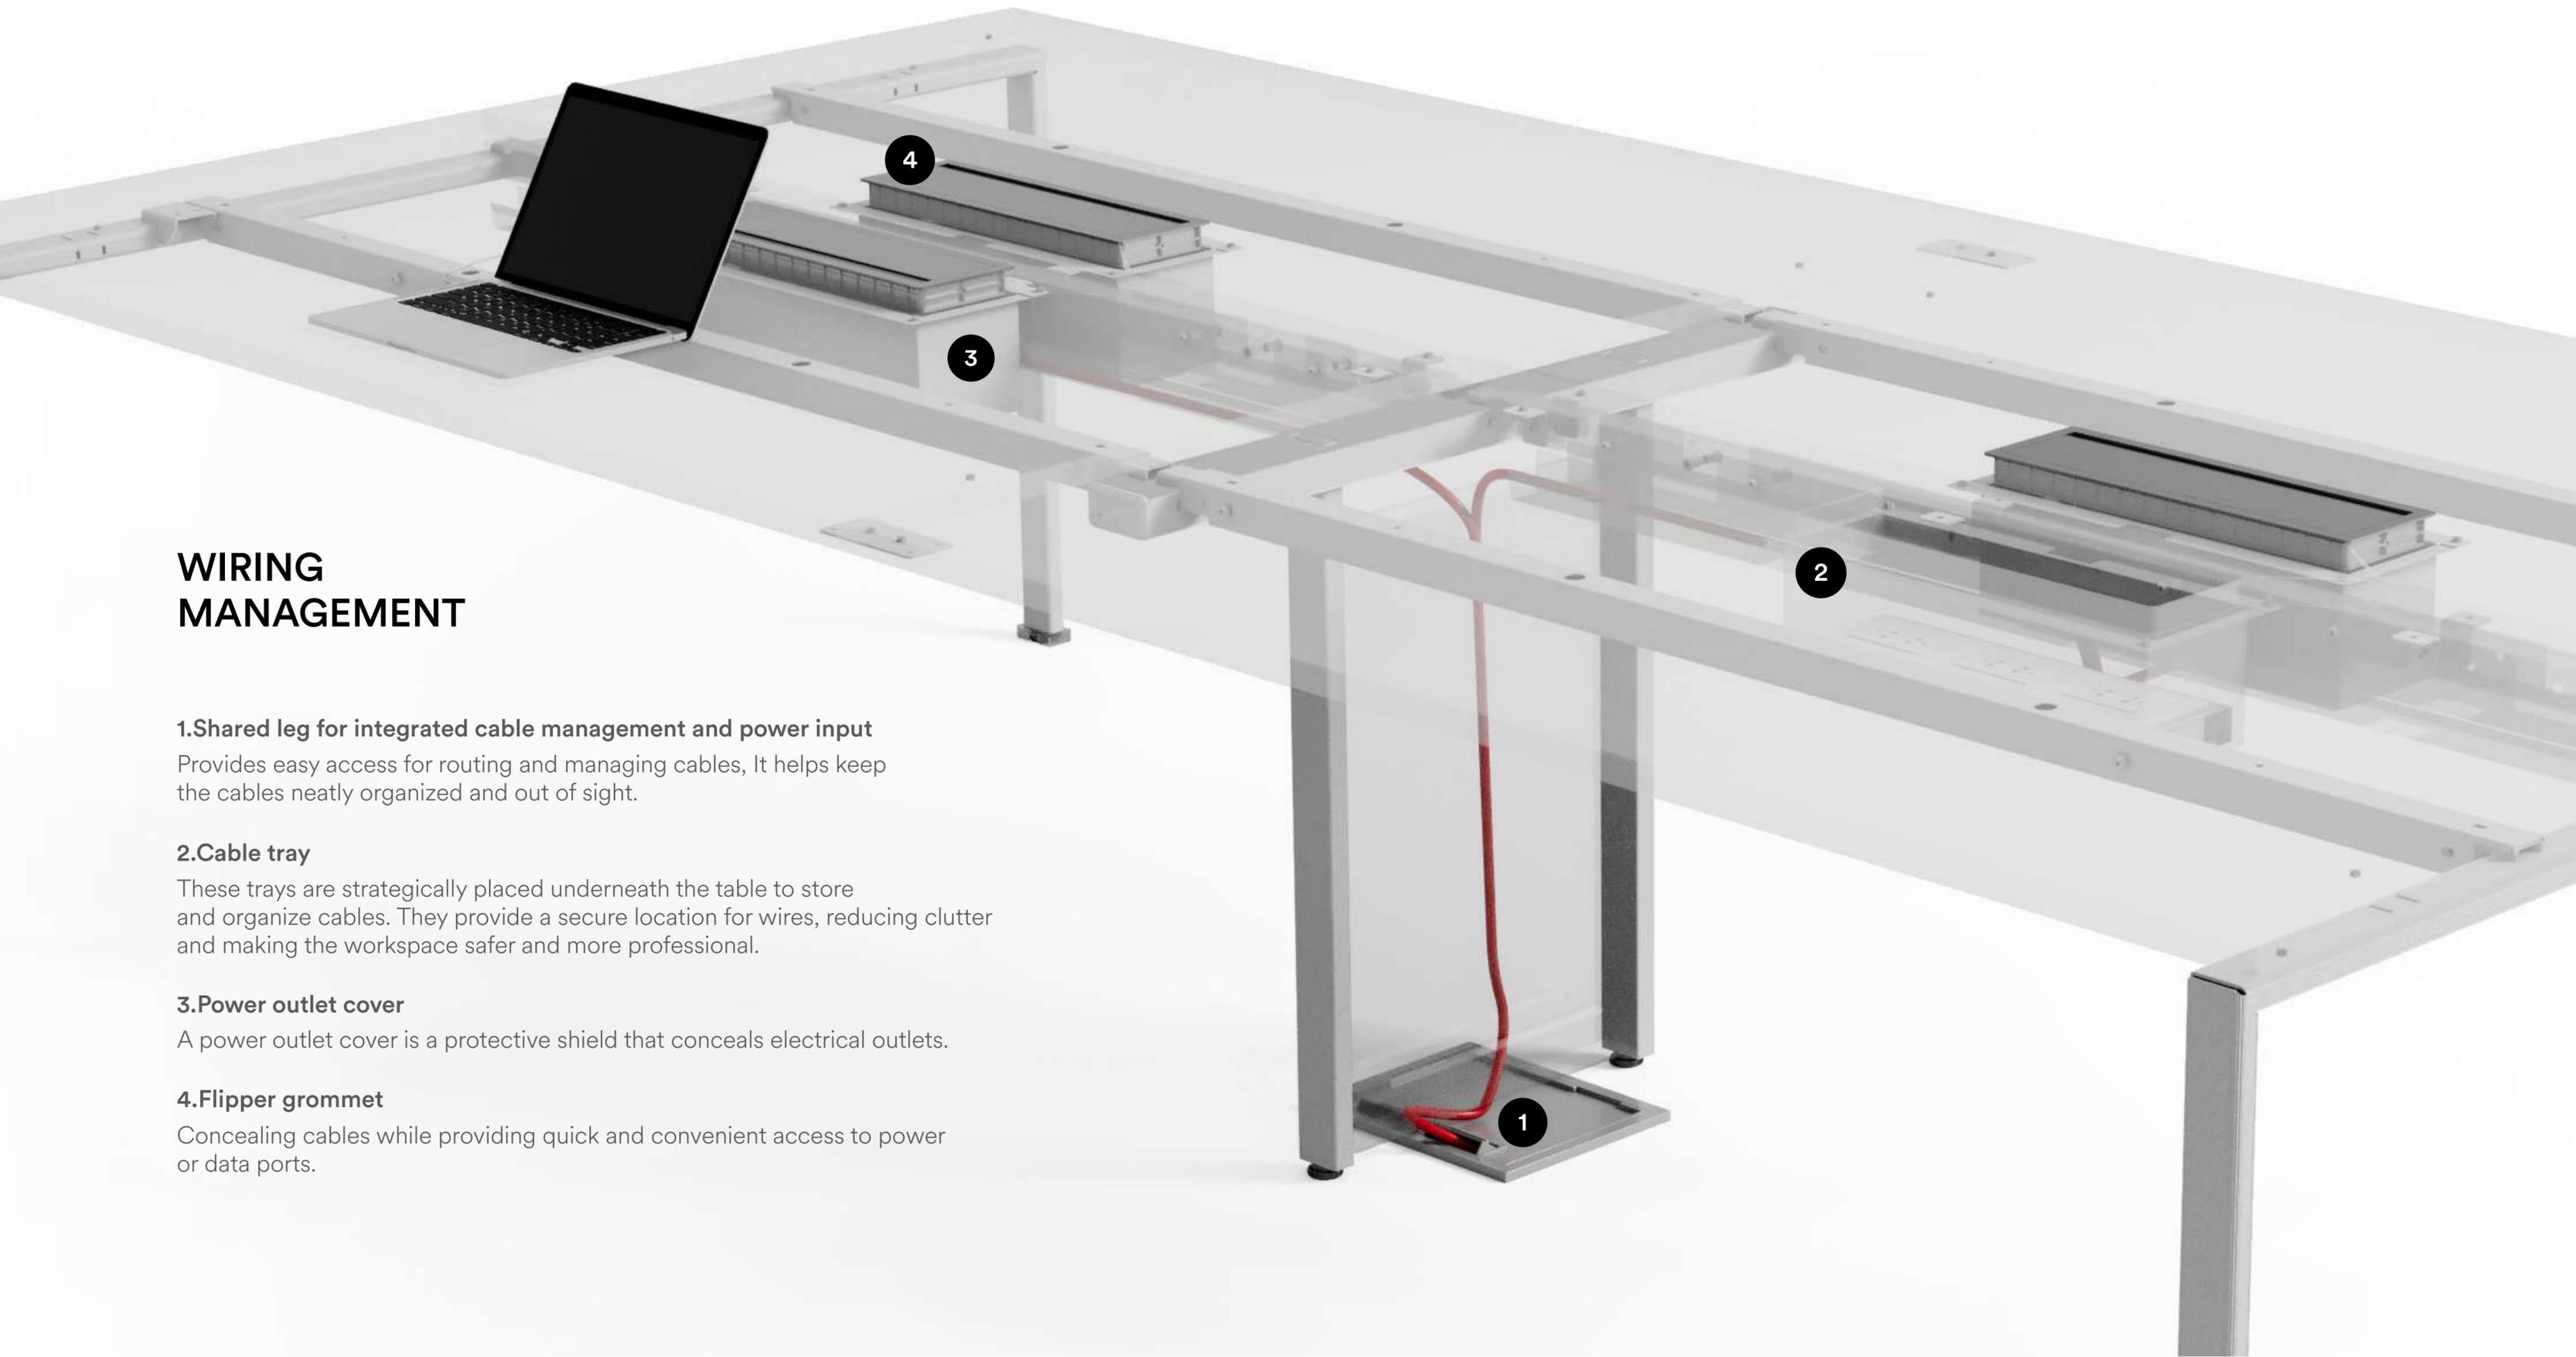

The integrated end desk forms a fluid extension that encourages natural collaboration while maintaining personal flow. With its sculpted lines, refined material contrast, and balanced proportions, the design embodies quiet strength, a space where focus and connection coexist effortlessly.

CONFIGURATIONS

WIRING MANAGEMENT

1. Shared leg for integrated cable management and power input

Provides easy access for routing and managing cables, It helps keep the cables neatly organized and out of sight.

2. Cable tray

These trays are strategically placed underneath the table to store and organize cables. They provide a secure location for wires, reducing clutter and making the workspace safer and more professional.

3. Power outlet cover

A power outlet cover is a protective shield that conceals electrical outlets.

4. Flipper grommet

Concealing cables while providing quick and convenient access to power or data ports.

FEATURES

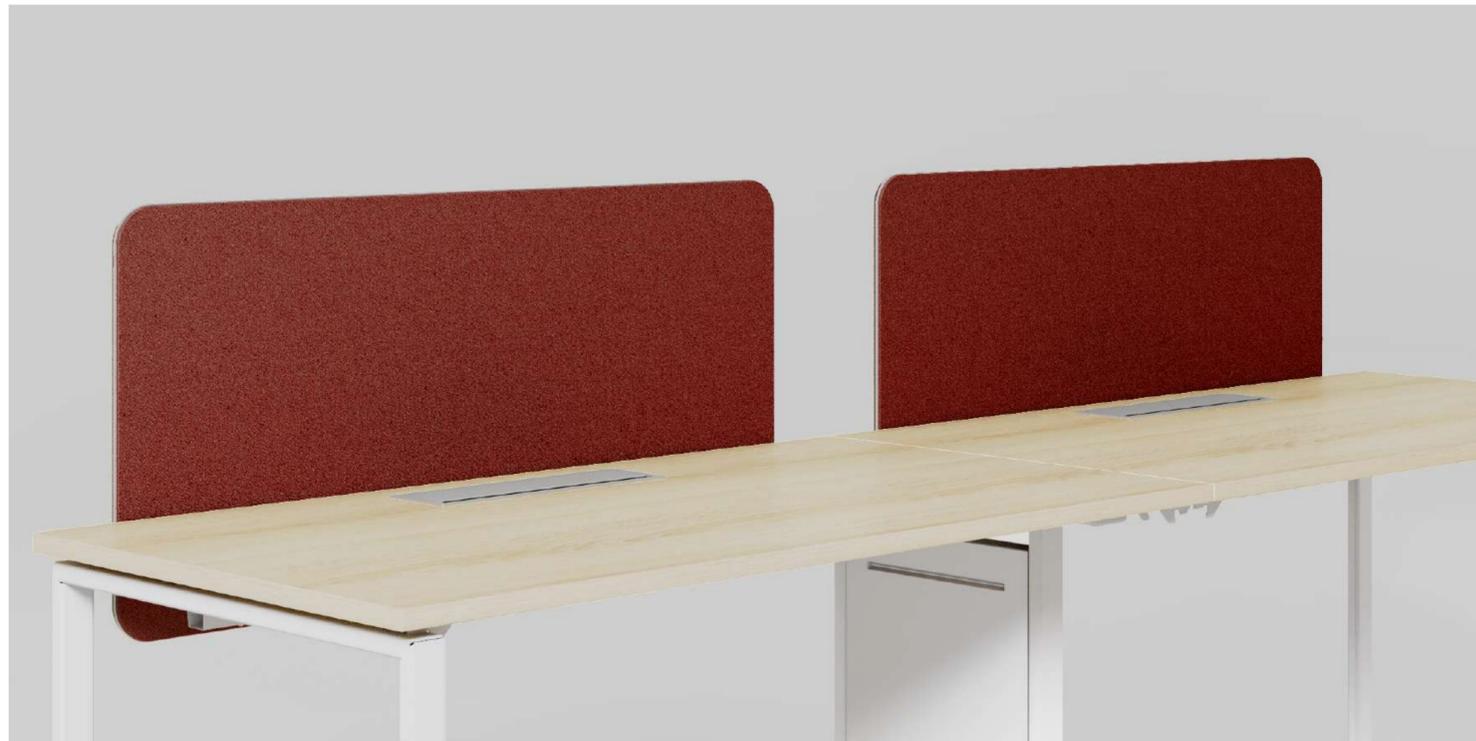

WORKTOOLS

AND ACCESSORIES

SCREEN PANEL (DOUBLE BENCH)

shared central screen mounted between two facing desks, designed to provide visual separation and acoustic comfort while maintaining open communication.

SCREEN PANEL
(SINGLE BENCH)

privacy screen installed along the rear edge of a single bench to provide visual separation and personal focus.

SHARED LEG

reduces the number of legs needed between connected desks, enhances stability, while allowing efficient cable routing through the shared structure.

FLIPPER GROMMET (soft close)

Simple design of open flip is provided for conveniently reach to power tray from the desk top that makes more pragmatic movement.

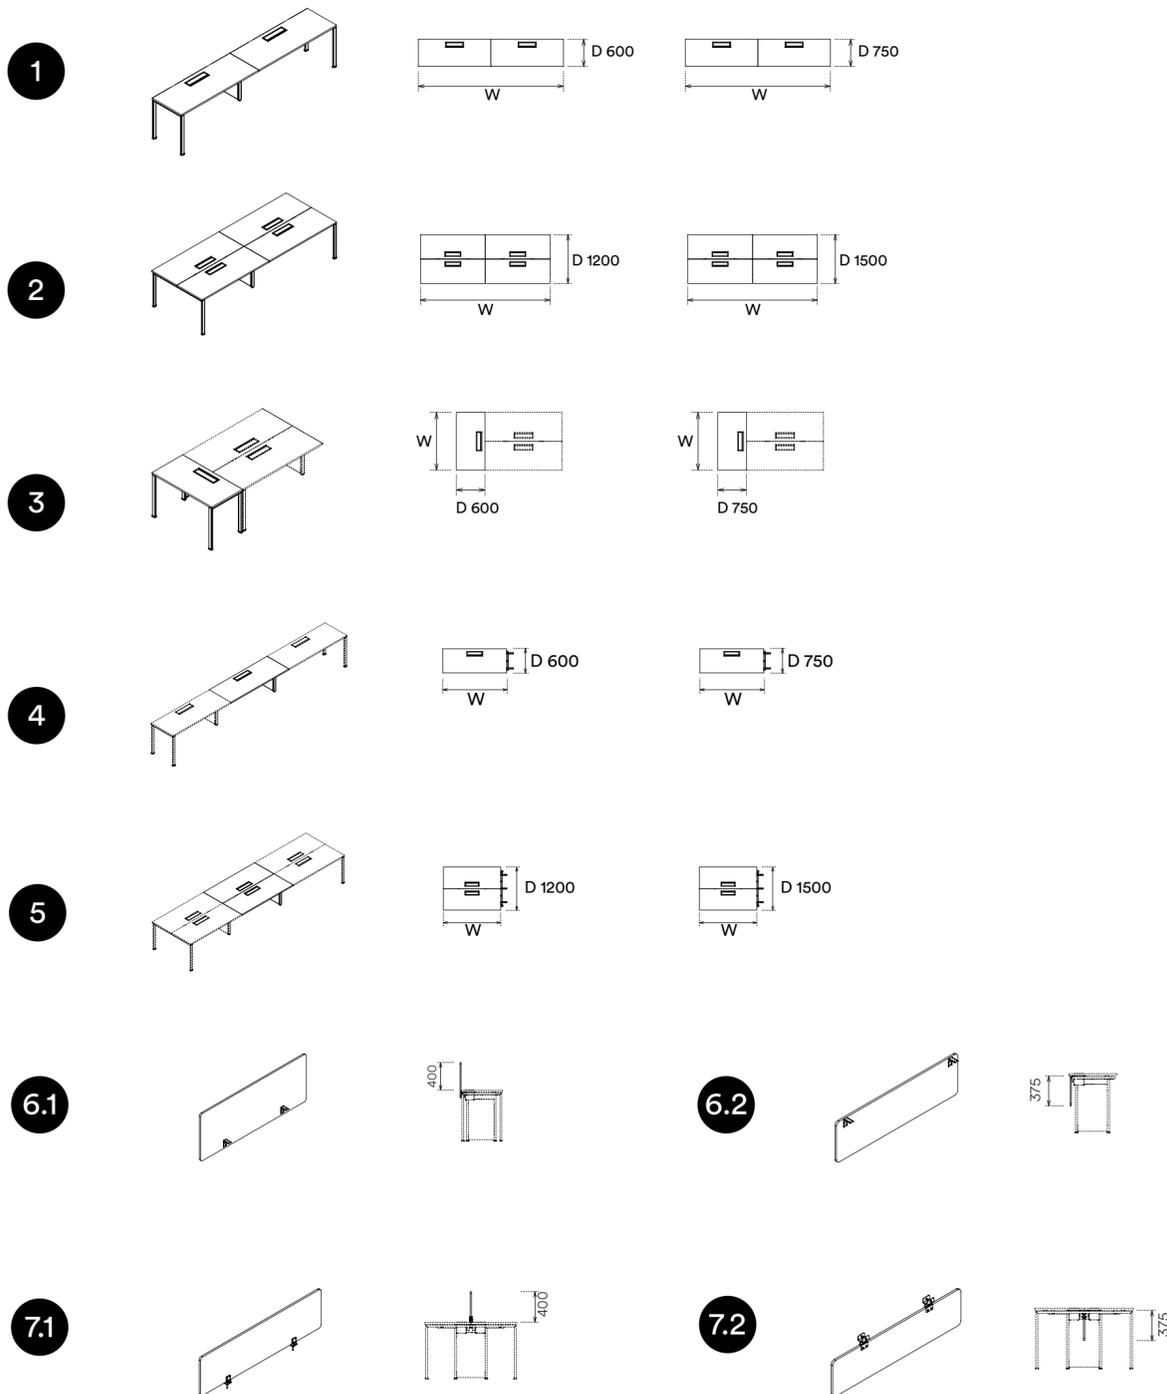

WIRING TRAY

The wiring tray keeps cables neatly organized and concealed beneath the desk.

HOUSING

Provide comfortable and convenient reach to the power tray.

PRODUCT SPECIFICATION

Frame & Leg:

Powder-coated steel structure for enhanced durability.

Adjuster:

Injection-molded plastic

Table top:

Particle board with melamine surface

Table edge:

2-mm PVC edge banding

Screen and modesty:

16-mm E1-grade particle board

Fabrics:

G1 fabric options (refer to the color Palette)

Clamp:

Injection-molded alloy with epoxy powder-coated finish

Flipper:

Aluminum flipper grommet with soft-close mechanism

WARRANTY

5 YEARS

AWARD & CERTIFIED

SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal—it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy Efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.

CERTIFICATE

ISO 14002: 2015

Gives the requirements for environmental management systems, confirms its global relevance for organizations wishing to operate in an environmentally sustainable manner.

ISO 45001: 2018

Employees' health and safety in the workplace and improving the well-being of within the workplace environment.

ISO 9001: 2015

Quality Management Systems is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance.

ISO 50001: 2018

Energy management system: Makes it easier for organizations to integrate energy management into their overall efforts to improve quality and environmental management.

Scs Indoor Air Quality

Certify to the most transparent Indoor Air Quality (IAQ) standard for furniture and building materials with Indoor Advantage and Indoor Advantage Gold.

Leadership In Energy And Environment

Based on accepted energy and environmental principles and strikes a balance between known established practices and emerging concepts.

Indian Building Council Member

USGBC is best known for its development of the Leadership in Energy and Environmental Design (LEED) green building rating systems.
