

AERIUM

Rockworth

LIGHTNESS, DISTINCTIVELY DESIGNED

- *comfortable*

- *flowing*

- *silhouette*

- *breathable*

Inspired by modern ergonomic design, **AERIUM** combines a lightweight mesh structure with flowing contemporary lines to create a seating experience that feels comfortable, breathable, and effortless throughout the workday. Its clean silhouette and refined details bring a sense of visual lightness to modern workspaces.

REFINED COMFORT IN EVERY DETAIL

AERIUM is distinguished by its upholstered headrest and striking rear design. The leather-upholstered headrest provides soft support for the head and neck while adding a refined, premium touch to the chair's overall appearance. View from the back, the flowing frame and transparent mesh structure create a distinctive silhouette that feels visually light, modern, and memorable in any workspace.

FEATURES & FUNCTIONS

STATEMENT OF LINE

MATERIALS & FINISHES

MEASUREMENT

Item	Dimension (mm)			
	H	D	W	SH
Midback chair	1040 - 1135	580	675	475 - 570
Highback chair	1225 - 1320	590	675	475 - 570

Headrest:

Nylon structure with PU upholstery, designed to support the neck and adjust to different sitting positions.

Backrest:

Fiberglass-reinforced nylon frame with mesh upholstery, providing breathable back support and ergonomic comfort.

Seat:

PP structure with plywood reinforcement and PU molded foam, offering supportive comfort for long sitting hours.

Armrest:

Soft-touch PU armrests with multi-directional adjustment to support different arm positions.

Posture Control:

Self-weight responsive mechanism that supports reclining and natural body movement.

Gas-lift:

Class 4 gas lift for smooth and stable seat height adjustment.

Base:

Durable nylon base designed for stability and everyday use.

Castors:

Black nylon castors for smooth and flexible movement.

Net Weight:

16.1 kg.

AWARD & CERTIFIED

SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal. it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.

CERTIFICATE

ISO 14002: 2015

Gives the requirements for environmental management systems, confirms its global relevance for organizations wishing to operate in an environmentally sustainable manner.

ISO 45001: 2018

Employees' health and safety in the workplace and improving the well-being of within the workplace environment.

ISO 9001: 2015

Quality management systems is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance.

ISO 50001: 2018

Energy management system: Makes it easier for organizations to integrate energy management into their overall efforts to improve quality and environmental management.

SCS Indoor air quality

Certify to the most transparent Indoor air quality (IAQ) standard for furniture and building materials with Indoor advantage and Indoor advantage gold.

Leadership in energy and environment

Based on accepted energy and environmental principles and strikes a balance between known establishedpractices and emerging concepts.

Indian building council member

USGBC is best known for its development of the leadership in energy and environmental design (leed) green building rating systems.
