

# MERRIN

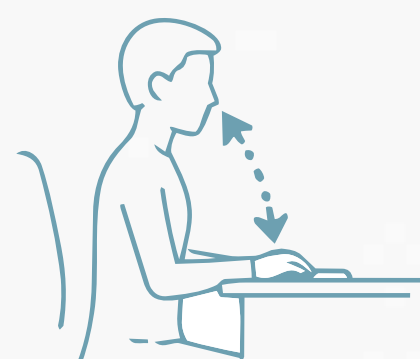

Rockworth

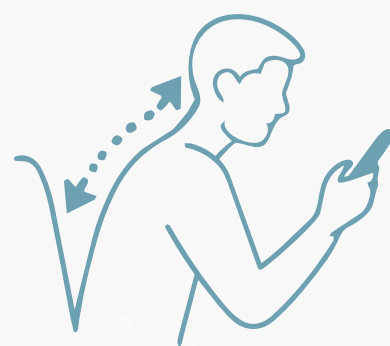

# DESIGNED FOR *MODERN* COMFORT

**MERRIN** Is designed to support the way people work today, combining ergonomic comfort with refined contemporary aesthetics. Its functional armrests help support the arms in a more natural position, educing unnecessar tension around the shoulders and neck while encouraging a relaxed and balanced sitting posture throughout the day

Combined with a breathable mesh backrest, soft seating comfort, and customizable frame and mesh colors, merrin delivers a seating experience that feels supportive, comfortable, and visually refined in any workspace.

Reduces Shoulder elevation

Reduces Forward head posture

Provides comfortable arm support to reduce fatigue

## ERGONOMIC SUPPORT FOR EVERYDAY SCREEN USE

Designed to provide better everyday support and comfort, **MERRIN's** functional armrest help support the arms in a more natural position, reducing shoulder elevation and excessive neck bending during extended screen use. By encouraging healthier posture, MERRIN helps relieve common discomfort associated with **Text neck syndrome** and supports greater comfort throughout the workday.

MEASUREMENT

| Item           | Dimension (mm) |     |     |           |
|----------------|----------------|-----|-----|-----------|
|                | H              | D   | W   | SH        |
| Midback chair  | 970 - 1065     | 670 | 670 | 455 - 550 |
| Highback chair | 1191 - 1286    | 670 | 670 | 455 - 550 |

MATERIALS & FINISHES

Headrest:

Nylon and fiberglass-reinforced frame upholstered in fabric.

Backrest:

Nylon frame reinforced with fiberglass, upholstered in mesh fabric. Equipped with lumbar support.

Seat:

Nylon frame reinforced with fiberglass, PU molded foam (density of 50 kg/m³), upholstered seat.

Armrest:

4D PU armrest with multi-directional support.

Posture Control:

Self-weight Responsive Mechanism.

Gas-lift:

Class-4 gas lift, BIFMA standard.

Base:

Nylon plastic base.

Castors:

Black nylon castors.

Net Weight:

14.7 kg.

SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal. it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.

CERTIFICATE

ISO 14002: 2015

Gives the requirements for environmental management systems, confirms its global relevance for organizations wishing to operate in an environmentally sustainable manner.

ISO 45001: 2018

Employees’ health and safety in the workplace and improving the well-being of within the workplace environment.

ISO 9001: 2015

Quality management systems is a globally recognized standard for quality management. It helps organizations of all sizes and sectors to improve their performance.

ISO 50001: 2018

Energy management system: Makes it easier for organizations to integrate energy management into their overall efforts to improve quality and environmental management.

SCS Indoor air quality

Certify to the most transparent Indoor air quality (IAQ) standard for furniture and building materials with Indoor advantage and Indoor advantage gold.

Leadership in energy and environment

Based on accepted energy and environmental principles and strikes a balance between known establishedpractices and emerging concepts.

Indian building council member

USGBC is best known for its development of the leadership in energy and environmental design (leed) green building rating systems.
