SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal. it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.
