

VELO

Rockworth

VELO

**MOVE WITH
MOMENTUM**

VELO is inspired by velocity
the energy of modern work.
Designed to move as naturally
as you do, VELO supports
seamless transitions between
focus, collaboration, and creativity.

Designed for everyday flexibility

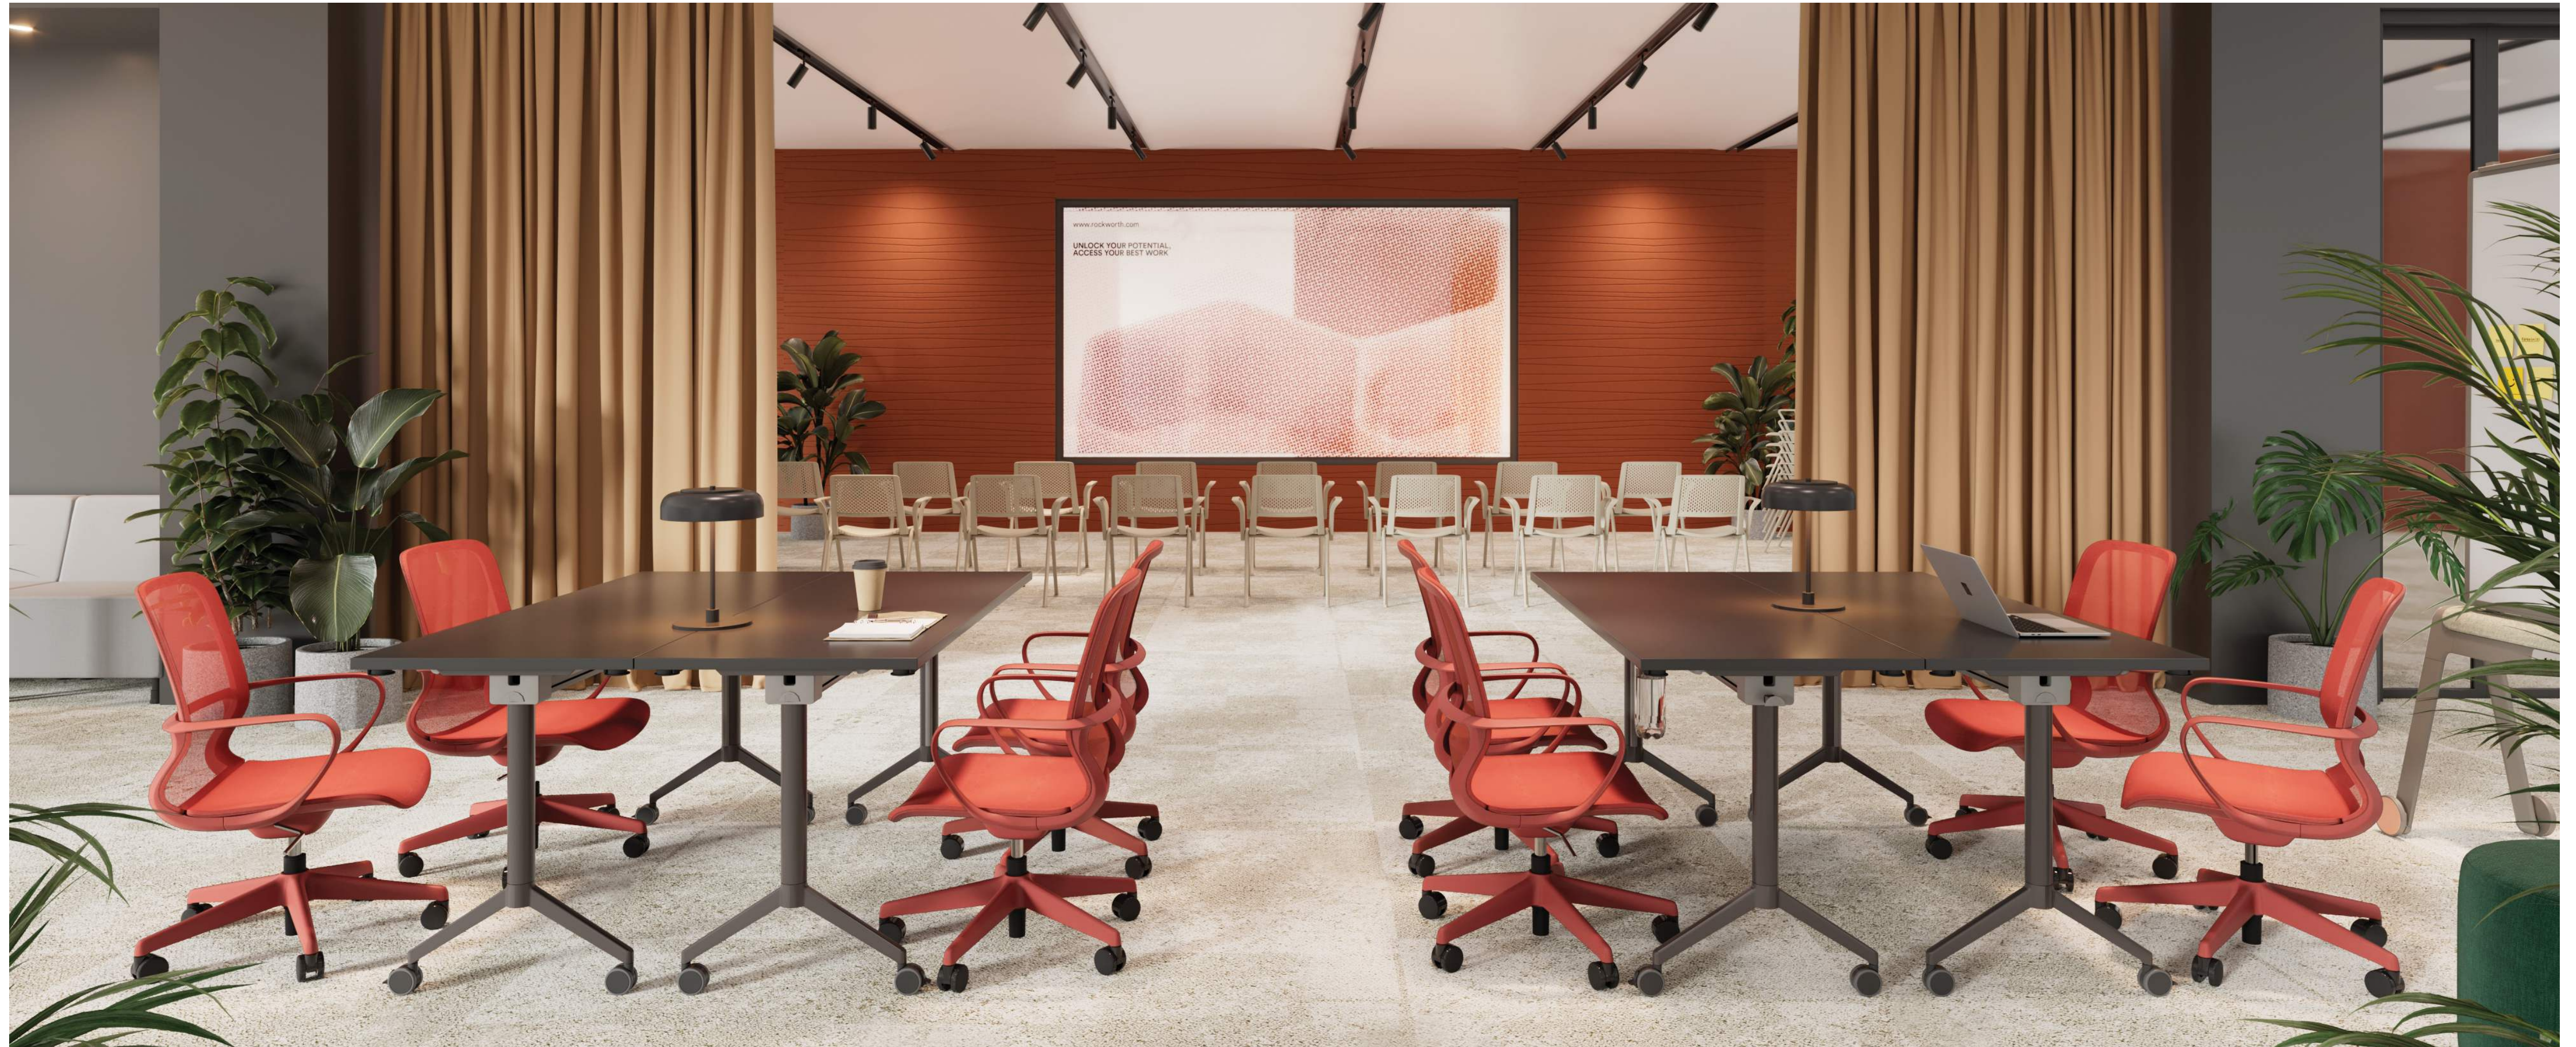

with smooth mobility, a clean silhouette, and effortless height adjustment,
VELO provides practical comfort for dynamic workspaces,
learning environments, and collaborative settings.

VELO

Fits naturally.

Office workstations
Meeting rooms
Collaborative spaces
Reception areas
Study rooms
Home offices

FLOW beyond ***FORM***

Inspired by the fluidity of movement, VELO is designed with a continuous visual language that brings harmony to every detail. Smooth transitions, refined geometry, and an understated profile create a chair that feels cohesive from every perspective. It is a design that values clarity over complexity and elegance over excess.

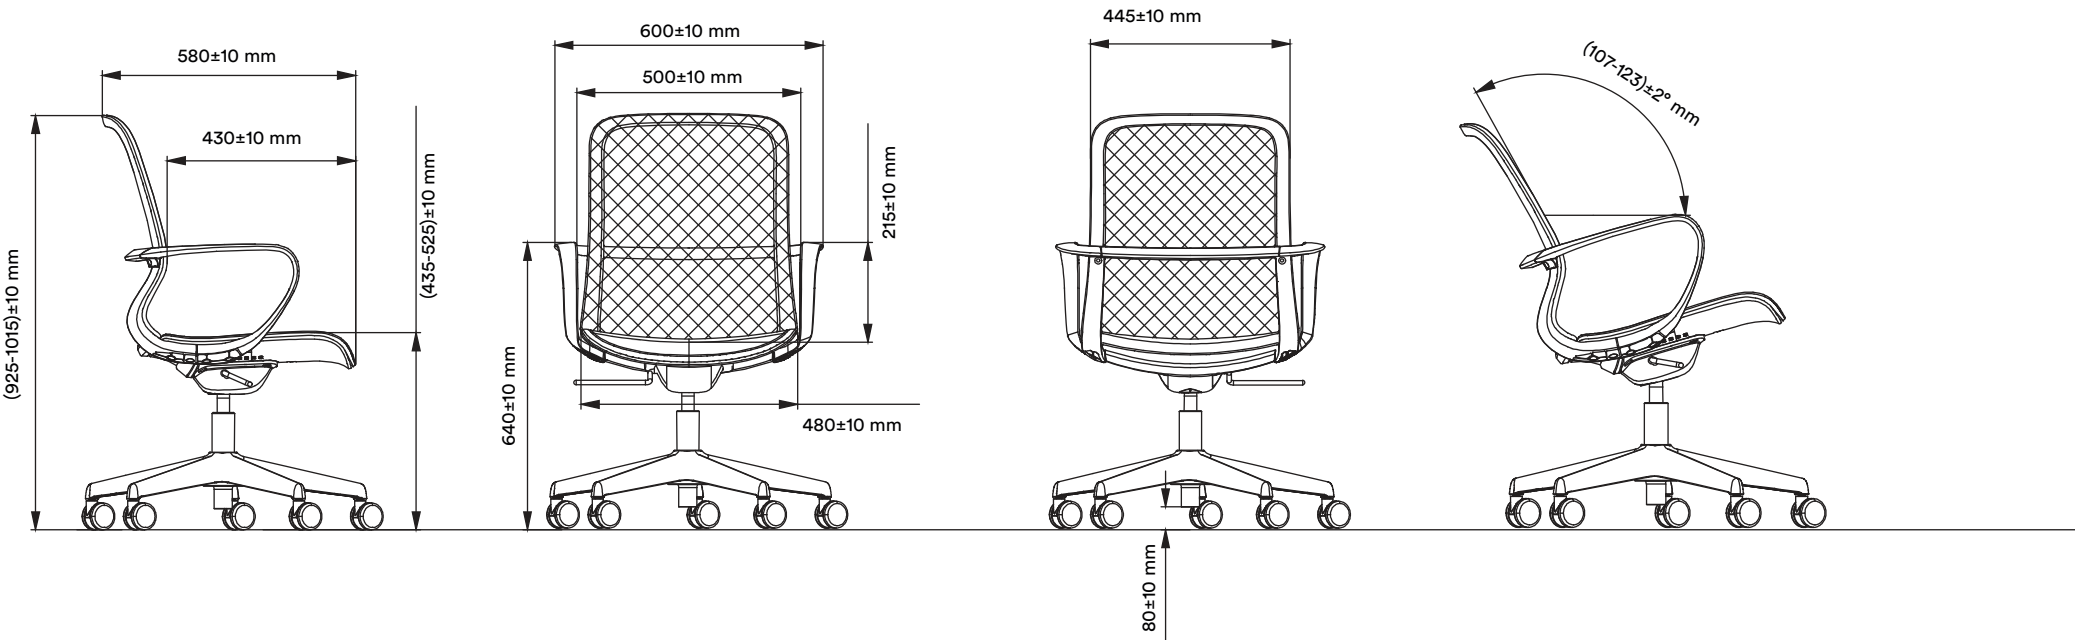

STATEMENT OF LINE

Midback chair

MEASUREMENT

ITEM	DIMENSION (MM)		
	H	D	W
Midback chair	925-1015	580	600

PRODUCT SPECIFICATION

Backrest
Injection-molded polypropylene (PP) frame with breathable mesh upholstery.

Seat
Injection-molded polypropylene (PP) frame with breathable mesh upholstery.

Armrest
Durable injection-molded polypropylene (PP) armrests.

Gas Lift
Class 4 height-adjustable gas lift, certified to BIFMA standards.

Castors
Dual-wheel castors featuring a nylon core and polyurethane (PU) tread for smooth, quiet rolling performance.

SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal—it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.

CERTIFICATES

Compliance with recognized standards and certifications

ISO 9001: 2015

Quality management system.

ISO 14001: 2015

Environmental management system.

ISO 50001: 2018

Energy management system.

ISO 45001: 2018

Occupational health and safety management system.

ISO 14064-1: 2018

Verification standard for greenhouse gas emissions management.

SCS Indoor Advantage™ Gold

Certified for low chemical emissions, supporting better indoor air quality and healthier workplace environments.

Environmental Product Declarations (EPDs)

Transparent environmental information supporting sustainability and project requirements.
