

KELLY

Rockworth

One is all

Today's work is fast, fluid, and collaborative. Static office furniture can't keep up with shifting team dynamics, hybrid schedules, and ever-changing tasks.

When spaces can't adapt quickly, productivity slows, collaboration suffers, and employees feel constrained. Agile solutions addresses this challenge by enabling teams to reconfigure their workspace with ease supporting spontaneous meetings, focused individual work, or team collaboration on demand. It's not just about flexibility it's about empowering people to do their best work, wherever and however they choose.

Flexible Working That Meet Every Work Style

Kelly is a dynamic, modular workstation system designed to meet the demands of today's flexible and hybrid work environments. It seamlessly integrates mobility, adaptability, and functionality empowering teams to create, collaborate, and concentrate with ease.

ONE SYSTEM.ONE DESIGN. INFINITE POSSIBILITY

Kelly Collection

The Kelly Collection is a set of well designed products that work great individually, but even better together. With smart features and thoughtful connections, they come together to create flexible, comfortable spaces that make it easy for teams to work, meet, and collaborate.

Kelly Stool

Compact and easy to move, supporting quick seating for work or breaks, ideal for frequently changing spaces.

Kelly Working Table

Versatile work table that sets up quickly for focus, keeping the workspace ready on demand.

Kelly Sharing Table

A sharing table designed for quick team huddles, making collaboration effortless and immediate. A sharing table designed for quick team huddles, making collaboration effortless and immediate.

Kelly Privacy Screen

Adds visual privacy and reduces distractions, helping users stay focused in open-plan areas.

Kelly Bar Table

Supports stand-up work and quick discussions, encouraging movement and boosting daily energy.

Kelly Meeting table

A versatile meeting table for discussions and workshops, improving flow and team engagement.

Kelly TV STAND

Mobile TV stand for fast setup anywhere, enabling smooth presentations and on-demand meetings.

Kelly Whiteboard

A mobile whiteboard for instant idea and clear communication, keeping teams aligned

Design with Functionality In Mind

Glide on the fixed feet ensure
stability on uneven flooring

Large & Smooth-rolling wheels
for effortless mobility and Stability

Integrated fabric handles
offer convenient,
flexible repositioning

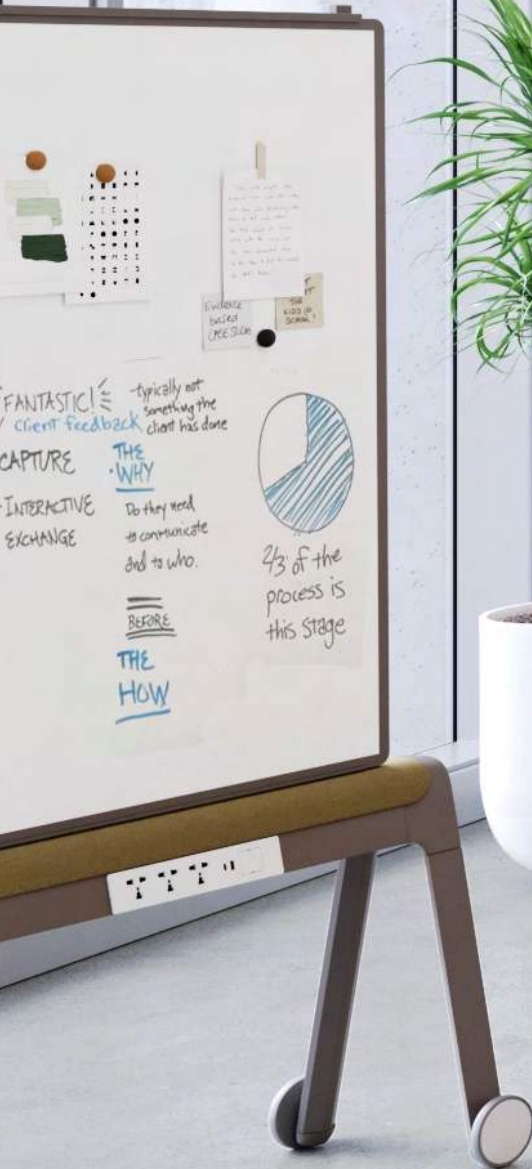

Multipurpose Pad

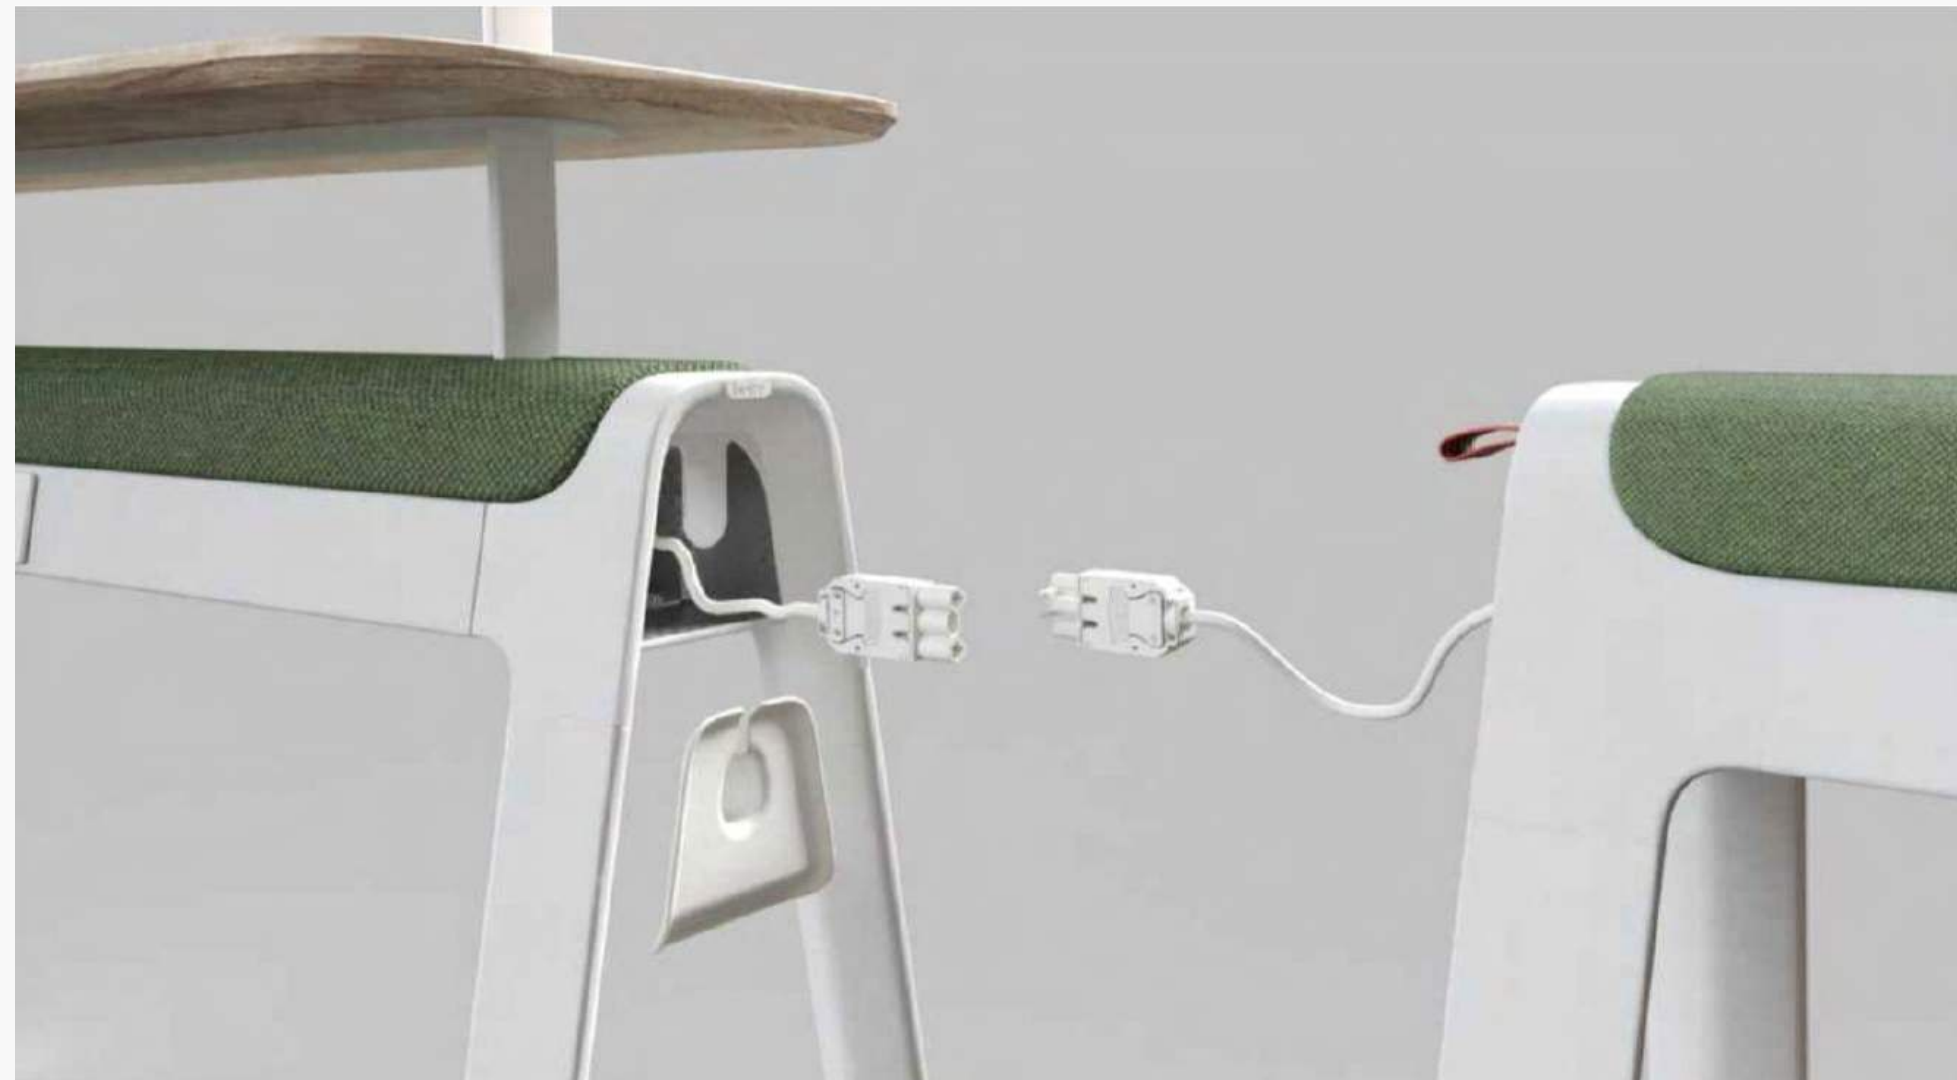

Multipurpose Pad is a tablet holder for Kelly, keeping your device securely positioned at a comfortable viewing angle. Ideal for video calls, quick presentations, and mobile work setups, and it can be added later as an optional add-on as your needs evolve.

Integrated Power Access for Seamless Connectivity

Built-in power access keeps devices charged and ready, while integrated cable routing reduces clutter and trip hazards. Designed for plug-and-play teamwork, Kelly supports seamless connectivity across meetings, training sessions, and agile work settings.

Space Organization

Designed to keep workspaces tidy and efficient, Kelly integrates smart storage to organize everyday essentials and reduce visual clutter. From books and tools to presentation gear, everything stays within reach, supporting a clean setup and smoother workflow.

Multifunctional Privacy Screen

More than a divider, the privacy screen creates a focused zone while doubling as a pinboard for notes, reminders, and ideas. It helps reduce distractions, supports individual concentration, and enables quick team coordination in open and hybrid environments.

Lightweight Frame

The table frame is made of full aluminum alloy, offering a perfect balance of strength and lightness. Designed through a high-precision die-casting process using 20 mold sets, it delivers a refined modern texture while remaining easy to fold and quick to move. Weighing only 8.5 kg (for the 1200mm frame), it ensures effortless handling and long-term durability.

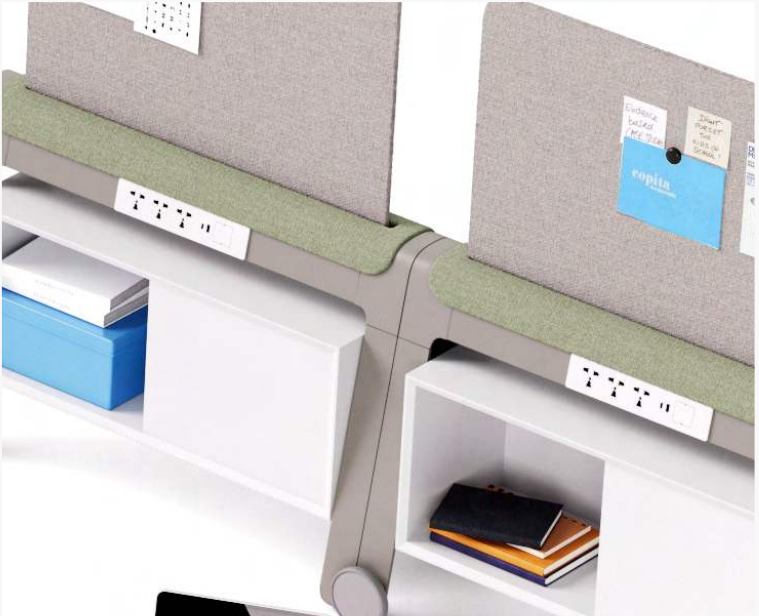

Silent & Smooth Wheel

High-quality medical-grade PU silent casters with 360° full-range steering for smooth, noiseless mobility. Designed for durability and environmental safety, each adjustable caster supports up to 40 kg, with a total load capacity of 160 kg across four wheels. This ensures quiet operation, effortless movement, and reliable performance in demanding environments.

Stability Design

Y-shaped triangular legs are integrally die-cast to deliver exceptional stability and strength. The geometric structure distributes weight evenly, while adjustable glides (up to 10 mm) keep the table level and steady on uneven floors.

A Quick-connect Mechanism

Ganging, a quick-connect mechanism, that enables individual tables to be easily linked together both horizontally and vertically with a single snap-lock system located underneath the tabletop. It allows seamless transitions from a single user table to a larger, multi-person configuration. The system ensures fast reconfiguration without tools supporting agility.

Privacy desk divider

This acoustic felt desk screen creates a quiet, focused corner within an open workspace. Its wrap around form adds visual privacy on two sides while the dense felt surface helps reduce sound reflections and everyday noise distractions.

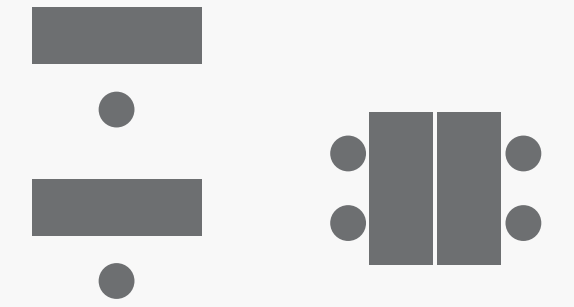

Maximize Space Organization

Designed to enhance functionality and durability by supporting convenient under-desk storage. hold personal items like bags, or accessories. This thoughtful addition maximizes workspace organization and keeps essential items within easy reach.

Concentration

Individual work area
Shared-work area

Working Space

Workspace is designed to support focused work within flexible layouts. With modular tables and privacy elements, it creates comfortable individual zones while still allowing quick transitions to shared work when needed, keeping teams productive in open and hybrid environments.

5 YEARS

AWARD & CERTIFIED

SUSTAINABILITY

Rockworth is committed to operating with integrity and responsibility in everything we do. Our value chain reflects our deep dedication to people and the planet, guiding our actions every day. Sustainability is not just a goal—it is embedded in our mindset, shaping the way we design, produce, and deliver solutions that create a positive impact on businesses, communities, and the environment.

Safe materials

The materials and raw components used in our production processes meet stringent quality standards. They are certified to ensure they pose no risk to human health or the environment.

Waste reduction

We actively minimize raw material waste throughout the design and production stages. Examples include precision computer-cut fabrics and leathers, as well as sourcing materials in clearly defined dimensions to optimize resource usage.

Energy Efficiency

Reducing electricity consumption is a key priority for our company. We implement technical and organizational improvements and provide continuous training for employees to achieve this goal.

Waste segregation

For many years, we have successfully operated a structured waste segregation program, transferring sorted waste to authorized recycling partners. We actively encourage and educate our employees and the local community on effective waste segregation practices.

Environmental protection

We proactively identify and monitor potential environmental risks across all our operations. Our teams remain vigilant, prepared to respond effectively and responsibly whenever environmental threats arise.
